CLINICAL INNOVATION • SUSTAINABLE TECHNOLOGY • ULTIMATE PERFORMANCE

Product Benefits

Safety for Healthcare Professionals & Patients

- **Clean in Place** – Every time the clinical area where they are hung is cleaned.
- **Cleanable** – With standard hospital cleaning wipes.
- **Reduce the Spread of Infection** - Lower potential for Healthcare Acquired Infection (HCAI).
- **Safer for HCP's, Patients & Visitors** - All occupants of a hospital potentially touch privacy curtains.

Control Costs and Reduce Infection

- **No Inventory** – Save money on inventory because there is no longer a need to have extra curtain inventory for when curtains are being laundered.
- **Quick Cleaning** – Save money because cleaning takes minutes rather than 60 minutes to take down and hang new curtains.
- **In-Stock** – Ready to ship.
